Intelligent and Secure Legal Business Solution

Ease the case load and streamline the process of managing and recording client interactions, witness statements and all online video conferences.

Be **COMPLIANT** and **SECURE**.

Conflab Legal™

from  Flabba

Onboard Clients Easily

Smoothly onboard new clients using shared forms with a branded and consistent customer experience.

Secure and Compliant

Assess and review recordings and transcripts of video conferences, messages, and correspondence. Complete oversight of all legal process.

Intelligent Video

Seamlessly record video conferences and use to drive better interaction and greater efficiency with clients.

Key Features

- Structured questions to assist caseworkers.
- Easy review of recordings and activity logs by lawyers.
- Document management for large-scale litigations.
- Witness statements transcribed directly from recordings.
- Compliance, audit & review via detailed logs of scheduling, booking, note taking, secure messaging, etc. as well as secure recording of all virtual meetings stored against the client record.

Taking witness statements

The Court Practice Directions require witness statements be drafted in the witness's own words, and the lawyer must attest to this. Litigators require a transcript of all client interviews.

Conflab Features: one-way & two-way video conferencing, recording, auto-transcription enabling remote witness statements to be taken and automatically transcribed to text.

Mass Claims & Bulk litigation

Law firms handling large-scale litigation, represent hundreds of clients on similar claims. Often caseworkers perform the bulk of the task, but lawyers need to review all recordings and interactions with clients.

Conflab Features: structured questions, recording with full review, ratings, comments as well as auto-transcription and recording of activity logs.

Investigations & Remediations

Law firms handle extensive investigations into wrongdoing by corporate bodies to assess harm and award compensation. The law firms must carefully justify their position to demonstrate they have acted fairly

Conflab Features: scheduling, booking, note taking, messaging, recording & review of all meetings with full document management & audit & reporting.
